To Whom It May Concern

Mr. F. Webber-King

Frederick Webber-King was employed by this Company from the 14.9.82 to 21.2.86. During this period he proved to be a reliable conscientious employee and was a good time keeper. Coming to us direct from an apprenticeship with the motor trade into our unique business he adpted very well indeed, many others do not. His basic engineering ability is very good and he has an excellent fault finding capacity as well. I wish him well in his future and would not hesitate to recommend him to any future employer.

Yours sincerely,

R. W. J. Moody,  
Works Engineer.
